The Pediatric Chaplain

The School of Executive Diploma Programs

The **CAPSTONE Executive Diploma Program in Pediatric Chaplaincy** is for those called to the sacred work of supporting and nurturing the spiritual lives of children and adolescents through times of trauma. This specialized path offers a comprehensive, compassionate, and spiritually focused training program. It prepares individuals to serve as beacons of light and comfort for families navigating the complexities of illness, loss, or trauma, ensuring that the spiritual needs of our youngest and most vulnerable are met with sensitivity, understanding, and love.

The Pediatric Chaplain

COURSE DESCRIPTIONS

CH329 Pediatric Chaplaincy Care 3 credits

(No prerequisite required)

Description: This course introduces some of the unique issues of providing chaplaincy and spiritual care to children and their families, especially for chaplains and other spiritual care providers assigned primarily to adult care settings and only occasionally interact professionally with children.

PC331 Advanced Topics in Pediatric Chaplaincy 3 credits

(Prerequisite IS Required – CH329)

Description: This course takes a deeper dive into Pediatric Chaplaincy and Palliative Care and examines how spiritual care interventions and close relationships may promote patient and family well-being. Special attention is placed on diverse populations and pediatric critical care issues.

PC332 Trauma-Informed Pediatric Chaplaincy 3 credits

(No prerequisite required)

Description: Trauma-informed care has become a necessary part of chaplaincy. This course raises awareness of the signs and symptoms of trauma and brings light to the biological, relational, and spiritual aftereffects. Trauma-specific interventions that facilitate healing are addressed.

The Pediatric Chaplain

COURSE DESCRIPTIONS - CONTINUED

PC333 Pediatric Palliative Care 3 credits

(Prerequisite IS Required – CH329)

Description: This course covers effective strategies for caring for infants, children, teens, and young adults who have a serious terminal illness. Concepts such as ease of suffering, pediatric care delivery, and pediatric patient and family support will be addressed.
