The Professional Spiritual Care Provider

COURSE DESCRIPTIONS

CH328 Health Care Ethics 3 credits

(No prerequisite required)

Description: This course reviews the ethical and moral challenges in health care with an emphasis on applying research to enhance chaplaincy care in light of diverse patient and family beliefs, values, cultures, and preferences in resolving conflicts and the role and contribution of chaplains as members of an ethics committee.

CH331 Spiritual Assessment and Documentation 3 credits

(No prerequisite required)

Description: This course identifies the major theories behind current practice of chaplaincy spiritual assessment and documentation. Students will engage in applied research to identify the most effective process for their setting as well as to contribute to the development and integration of new models.

CH334 Powerful Communication Techniques 3 credits

(No prerequisite required)

Description: This course covers listening skills and methods, effective verbal and non-verbal practices, group communication, conflict resolution, negotiation, and goal clarification.

COURSE DESCRIPTIONS - CONTINUED

CH335 Cultural Competence, Inclusion and Vulnerable Populations **3 credits**

(No prerequisite required)

Description: This course addresses self-awareness and the professional ability to assess, document, and provide interventions so that persons' beliefs, values, and practices are integrated into their plan of care. This course reviews the needs of vulnerable patient populations, including persons who are non-resident aliens, LGBTQ, homeless, incarcerated, low health literate, and mentally disabled.
